

# CPA.com and Confirmation Electronic Audit Confirmations

CPA.com/Audit-Confirmations | 855.855.5CPA

# Easy, fast confirmations. Every time.

Confirmation is a digital, centralized platform for all of your confirmations. A process that used to take weeks now takes minutes, and it's more secure. That's why more than 16,000 audit firms across the world use Confirmation.

Preferred partner solution of

# Speed up and simplify your audit confirmations

It's easy to prepare, send, and track more than 80 types of confirmations right in our cloud-based platform. Bank, legal, AR/AP, and EBP/401(k) confirmations ... you'll find it all here.

Confirmation pioneered digital confirmations nearly two decades ago, replacing dated and inefficient workflows with a modern tool that reduces risk and saves time and money.

If your audit firm is ready for faster, easier, more secure audit confirmations, then it's time to start using Confirmation.

125,000 CPAs  
trust Confirmation for their audits.

## Modernize your practice with a secure digital confirmation platform. How we help you ..

**Save time.** Receive confirmation responses within 48 hours (on average), empowering your team to manage more confirmations in less time.

**Maintain control.** Control your confirmations every step of the way through a secure platform. All parties are validated, ensuring each of your requests go to the right people.

**Access anywhere, anytime.** Check confirmation status, manage alerts, and search for client requests 24/7 from any device.

**Centralize confirmations.** Confirmation is a consolidated platform for all your communication

between clients and responders. Track and report on confirmation status across all your clients.

**Safeguard your data.** Our robust data-security system keeps your clients' data safe. We adhere to all industry standards and employ the highest levels of application security.

**Enjoy ease of use.** Nine in 10 customers say the platform is easy to use. Get in, get out, get on with your day.

**Ensure accuracy.** Confirmation helps ensure clients and banks provide you complete and accurate information. The platform tracks, monitors, and reports on the status of every confirmation from start to finish.

**Manage all request types.** Confirmation offers more than 80 types of confirmations – from asset, debt, EBP/401(k), legal, accounts payable, accounts receivable, HUD, derivatives, securities, trust accounts, and more.

*"For a professionally trained auditor to do audit support work that isn't part of the actual audit, like checking the mail, that's a waste of an auditor's precious time. Now auditors can do what they were trained to do."*

**Peter Henley,**

CPA/CITP, Senior Director Clark Nuber P.S.
