More Information Needed Applications

Loan applications that are in a More Information Needed status generally have one of three requirements outstanding that you and your clients need to complete. Your clients are receiving reminders about these outstanding requirements where they still exist. You should make sure that the information has been provided into the client's Biz2Credit account or via the Underwriting Notes feature to ensure accurate processing.

COMMON REASONS FOR THE MORE INFORMATION NEEDED STATUS

- ✓ **ACH Deposit Information** - clients must make sure they set up a deposit account. They can complete this step if it is still outstanding quickly and easily from their Biz2Credit dashboard. ([Watch this video](#) that explains this step in the process). The account information will be saved to their account once everything is loaded. When the application is ready for funding these details will be on file with Biz2Credit's finance department.
- ✓ **Online Account Verification** - Some clients have received a request to complete an Online Account Verification using Biz2Credit's secure third-party service. Clients must complete this requirement. These requests for verification are sent by the Biz2Credit verification team and any loan that has received one must connect their account online in order for the application to be confirmed and sent forward for funding.

- ✓ **Required Documentation** - Make sure all documentation is uploaded in the client's Biz2Credit account. Go to the 'Review Documents' page and check for uploaded documents - the row should turn green when the document is there.

HOW TO RESOLVE UNDERWRITING REQUESTS

Firms can now collaborate more closely with the Biz2Credit funding team. You now have the ability to communicate directly with your client's assigned funding specialist and also upload any missing documents that have been requested to move the application to the final stages.

Look for the new menu option on Approved or More Information Needed applications that have been reviewed by a verification specialist:

Important Advisory: clients should look for an email with the subject line **Connect Your Bank Account Today [Link Expires in 72 Hours]** to complete this request.

Agent Fee Processing

1

Initial Agent Fee Payment

- 50% of the eligible Agent Fees for all applications funded by April 30 are paid by the end of May
- The total amount of the payment, with statement of loans included, will be available on the commission report page

PAYMENTS ISSUED

2

Final Agent Fee Payment

- **All firms that have all their deals finalized by the end of May have been paid 100%**
- All outstanding Agent Fees will be paid on or before the date when the processing of applications is completed per the Terms of Use

PAYMENTS PENDING ...

End of May

**Program Ends
(Funding Closed)**

Forgiveness Eligibility

Forgiveness applications are open to **loans funded by the end of March**. According to SBA guidance, **the minimum covered period is 8 weeks from the loan dispersal date**.

If your application is funded prior to April, you should be able to either start the application or assign it to the borrower by visiting the Portal dashboard. Make sure you look for the option on the record of the previously funded PPP application.
